"The Religious Dimensions Of Metaphysics"

Written By: Dr. Osei Kufuor

The Religious Dimensions Of Metaphysics

(The Book Of Life)

Chapter 1: The Intelligence Of DNA & Consciousness

Chapter 2: The Black Woman Is The Earth & Has An Inner Earth

Chapter 3: Remote Viewing Of Your Thoughts

Chapter 4: Civilizations Created In The Mind

Chapter 5: Internet, Viruses, & Firewalls In Your Computer (Mind)

Chapter 6: The Effects Of The Mind & The Celestial Bodies

Chapter 7: What Are Dimensions

Papyrus 8: What Is Seeing & Can We Really See

Papyrus 9: The Mind & The Brain

Papyrus 10: The Communication Blockage From Planets

THE DECEPTION OF DIMENSION:

Papyrus 11: What Is Death

Papyrus 12: Do We Have A Destination

Papyrus 13: Dimension Deception

THE EXTRA-TERRESTRIAL INFORMATION:

Papyrus 14: The Battle For The Dream World

Papyrus 15: Adam & Eve 2 Different Bloodlines

Papyrus 16: The Children Of Reptilians

Papyrus 17: Melanin DNA Activation

Papyrus 18: Extinction Of The Artificial Bloodlines

Papyrus 19: CERN & The Dream World Infiltration

Papyrus 20: Radio Frequencies Attack Dreams Through Melanin

THE INTELLIGENCE OF DNA & CONSCIOUSNESS

I'm just a component of intelligence living in an environment to distribute loyalty in the form of intellect itself. I've always been that way. Every since a child I've known many things on an unconscious level. My mother taught me that just because you have no knowledge of things at the time doesn't mean that it isn't asleep inside of your DNA. You are your DNA and this is where all of the memory and thoughts that you have ever had in the many lives you have endured , your DNA is where all of this is stored. In the midst of what we call life one must remember that everything is alike just in a different form and frequency. For an example. 100 is 1 because it is the 1 that has created fragments of itself to become that 100. No different from you being your environment. You are a part of everything in your environment even the thoughts in the minds of those bodies that is in your company. What do I mean by this? What I am saying is that when you study a thought the foundation of a thought is energy, and we are all energy resonating with the energy of each other therefore causing us to be everywhere even though we have no conscious of the places we are that we exist in the many forms that we are. Everything comes from a thought which is darkness. Then light appeared which is the illusion of the real light which is darkness. In the bible it says that light came out of darkness meaning that the darkness is the creator of the Light. Follow me family. Just think with me. What I am showing you is the

elements of our Ancestors which is a mystery to most, even a mystery to the Africans that dwell within the so-called conscious community.

The world is not bigger than your mind because it is your mind that projects the world through your eyes by way of how you are seeing the world. The world is nothing without the mind because it is the mind that created the images that the world is in. Everything that happens here on this 3rd dimension is a cause being projected from where you really exist which is in the subconscious part of your mind. I want you to open up your mind and walk with me for an ion. Those who are autistic here are of a higher intelligence in another realm or another dimension. Look around at this world and what this world calls intelligence is nothing. If you don't believe me just look at what this world is curing. NOTHING. What you perceive as normal here is actually a handicap in another dimension. This is determined by the natural laws which is the true Master Degree or Ph.d. I'm going to address something else about autistic children . These Beings are so intelligent that not only can they hear notes from instruments but they can see the notes, rearrange the frequencies of the notes and heal the people in their environment. This is true. A lot of people assume that the vaccines is the cause of this intelligence when in all actuality they have already tapped into it before the baby became a child and they shoot them up with these vaccines to try to turn off some of the intelligence of their DNA before they become 6 and 7 years old. We have consciousness all around us, it's just that it has been labeled as special needs and satanic.

THE BLACK WOMAN IS THE EARTH & HAS AN INNER EARTH

When a non-spiritualist cannot digest the highest frequency of intelligence dealing with spirituality they will automatically refer to the European defense strategy and use the same strategy that the European use when he cannot understand an African intelligence of spirituality and refer to the spiritualist as a pseudo. This word is now being used heavily against those who are deeply within the awakening of spiritual consciousness. Many individuals say that I am pseudo because I make claims that there are suns and other intelligence in what we call the earth yet we can believe the left brain right brain concept which is true meaning if the left has been put on the right and the right on the left then by default the direction of down would be up and up would be down. Not only that but many who is in opposition to my claim refer to their woman as being the earth, but doesn't she have an inner self that is reflected outside of herself (As Above So Below)? I don't strive to prove my facts because deep down inside those who refer to me as pseudo really believe what I am saying. Many have even contacted me to apologize for the mockery of my claims because they were able to study the sciences of time and direction and saw that our Ancestors utilized these same claims. This is why the Ancestors in Kemet called upper Memphis lower Memphis and lower Memphis upper Memphis. But at the end of the day I understand that it is not the color of the face that identifies these people that look like you as your family frequency but the mind which is where your real bloodline exist that is connected to your frequencies.

REMOTE VIEWING OF YOUR THOUGHTS

When I said that your thoughts and dreams could be stolen and infiltrated through our DNA I was also called crazy but it seems that when a European say the things that a non- European say he is correct so I'm going to give reference from that which makes you conscious slaves more comfortable. From an article by a man named Hassam who is referencing scientist that has experimented with

remote technology or Remote Neural Monitoring it states: "This technology is called Remote Neural Monitoring (RNM) and is expected to revolutionize crime detection and investigation. RNM works remotely to control the brain in order to read and detect any criminal thought taking place inside the mind of a possible perpetrator. Research studies have shown that the human brain thinks at a rate of about 5000 bits per second and does not have the capacity to compete with supercomputers performing via satellites, implants and biotelemetry. The human brain has a distinctive set of bioelectric resonance system. For the RNM system, supercomputers are being used and, thus, with its help, supercomputers can send messages through an implanted person's nervous system in order to influence their performance in a desired way. RNM has been developed after about 50 years of neuro-electromagnetic involuntary human experimentations. According to many scientists, within a few years it is expected that DNA microchips will be implanted in the human brain which would make it inherently controllable. With RNM, it will be possible to read and **control a person's emotional thought processes along with the subconscious and dreams.** At present, around the world, supercomputers are monitoring millions of people simultaneously with the speed of 20 billion bits per second especially in countries like USA, Japan, Israel and many European countries.RNM has a set of certain programs functioning at different levels, like the signals intelligence system which uses electromagnetic frequencies (EMF), to stimulate the brain for RNM and the electronic brain link (EBL).

The EMF Brain Stimulation system has been designed as radiation intelligence which means receiving information from inadvertently originated electromagnetic waves in the environment. However, it is not related to radioactivity or nuclear detonation. The recording machines in the signals intelligence system have electronic equipment that investigate electrical activity in humans from a distance. This computer-generated brain mapping can constantly monitor all electrical activities in the brain. The recording aid system decodes individual brain

maps for security purposes". (End Of Article). I just wanted to say that the micro chip does not need to be implanted in your head to control the frequencies of the thoughts in your mind, because your thoughts is frequencies. What is Remote Neural Monitoring? Remote Neural Monitoring is a form of functional neuro imaging, developed by the National Security Agency (NSA), that is capable of extracting EEG data from the human brain at a distance with no contacts required. Consider this, the brain is composed of neurons (wires) and is powered by low electrical currents. Much like insects communicate with non-contact antenna, humans can communicate with radio transceivers.

Just like each of us has a unique genetic code (DNA) each of has our own distinct radio frequencies. Find the frequencies and a terror technician can communicate directly to the brain. This process can cause the images in your mind to see an innocent person as a threat causing you to kill that innocent person when in actuality the image was false. This Remote Neural Monitoring is a system used in the military to control the minds of those who are enlisted within certain secret projects.

NSA Signals Intelligence uses EMF Brain Stimulation for Remote Neural Monitoring (RNM) and Electronic Brain Link (EBL). EMB Brain Stimulation has been in development since the MK Ultra program of the early 1950's which included neurological research into "radiation (non-ionizing EMF) and bioelectric research and development. The resulting secret technology is categorized at the National Security Archives as "Radiation intelligence" defined as "information from unintentionally emanated electromagnetic waves in environment, not including radioactivity or nuclear detonation.

The Neurophone was developed by Dr Patrick Flanagan in 1958. It's a device that converts sound to electrical impulses. In its original form electrodes were placed on the skin but with defense department developments, the signals can be delivered via satellite. They then travel the nervous system directly to the brain (bypassing normal hearing mechanisms). Dr Flanagan's "3D holographic sound

system" can place sounds in any location as perceived by the targeted / tortured listener. This allows for a variety of deceptions for gullible victims.

Today, the CIA, DIA (etc) use satellites and ground based equipment to deliver verbal threats, deafening noise and propaganda; using neurophone technology. Anything from TV's/radio's appearing to operate when switched off through to "Voices from God" and encounters with "telepathic" aliens are all cons using neurophone technologies to torment, deceive and (most importantly) discredit agency/criminal targets. Naturally, the system can mimic anyone's voice and automatic computer translations (into any language) are incorporated.

Anecdotal evidence indicates that people like David Koresh, Martin Bryant and others could have been programmed then remotely triggered (or tricked) using harassment technologies like the neurophone. Although most of the targets are intelligent and law-abiding. For example, John Lennon's killer, Mark Chapman, reportedly heard voices before and after silencing the agency-hounded peace advocate. "God" apparently told him to confess verbally.

University of Washington researchers have performed what they believe is the first noninvasive human-to-human brain interface, with one researcher able to send a brain signal via the Internet to control the hand motions of a fellow researcher.

CIVILIZATIONS CREATED IN THE MIND

Our mind is a world that creates the thoughts which is the civilizations that we create in other dimensions that we exist in or have existed in. Every mind is of a different bloodline even though we have masked it with race and nationality. The mind is the tunnel connected to the Soul and you cannot connect any title, color, or nationality to the soul which is what you really are. A soul can never be African because it is older than the language itself. There is no such thing as a race. Race can never identify your true self. When they created the political game and made you see democrats and republicans as 2 different parties that represents 2

different classes or races this is the same agenda that was initiated when they created a black and white party of classifications to mask the real identity of what was really going on. Study the Ying and Yang emblem and you will see that one half is black and the other half is white. One is a higher self and the other is a lower self. Meaning when you analyze the so-called black and white race you are analyzing one with an extra-terrestrial existence of spirituality and the other being the created one of the extra-terrestrial existence. If light comes out of darkness then the darkness is the extra-terrestrial component that created the non-extra-terrestrial being. Both have a purpose to serve just as day and night. If you live with the higher self all your life without utilizing your lowerself when it is time to protect your family then it will be easy for you to be enslaved by that which is lower. Everything needs a balance of the opposite substance. Everything. The Ying and the Yang is necessary. Study the seasons and you will see that they are all beneficial to what we call the earth, and if you are a part of the earth then it is beneficial to you. Many don't like winter because it is to cold but the element is needed to replenish and rejuvenate the mind of the earth which is also your mind. The mind is the wholeness of the thoughts and you are the thoughts of the Universe. Many people do not like the summer but it is necessary to enhance the psychological acts of the earth which enhances your psychological acts. Hot and cold is an element that balances out the civilizations that lives within the mind of the Universe.

INTERNET, WINDOWS, & VIRUSES IN YOUR COMPUTER (MIND)

Why do we refer to the computerized systems as Internet, Windows, & Cellwalls. Well let's start off with the internet. What is the internet. The internet is a system used to tap into the subconscious of the DNA within the towers of the Universe using the intelligence within the DNA of the people who lives in the Universal computer. Every time you log on to the internet you are opening an artificial portal that ignites certain satellites to tap into the information of the people living in the area of these satellites. For an example. There are towers in the earth that

can be activated to remote view pre-encoded information within the DNA of the people who live in and on the earth and can be used to create movies that you had already written in your past life. They can awaken that DNA which acts as a USB and sell the information from your DNA to those Beings that creates your entertainment in Hollywood. This is true. Now let's touch on Windows. What does the Windows software have to do with anything you may ask. Well what is a window? A window is something that can be opened to allow things in and out of. These are subliminal messages that has a lot to do with you. We all have windows in our subconscious mind that allows certain things in and out via the images being carried inside the body of certain frequencies. There are other satellites such as the Hadron that was initiated as a CERN project can can intercept information being downloaded into you at the time that you are dreaming. When you dream you are plugged various dimensions of the Universal mind while intelligence enters into your subconscious by way of the type of melanin that is being released into the body. Melanin operates as a disk drive which holds every thought that you have ever thought of and what this melanin does is transfers this information into parts of you that exist in other dimensions or it receives information from other parts of you that exist in other dimensions. You are the consciousness that created the information via the Windows which is connected to your internet system. The reptilians taught a group of Europeans who they created how to create the internet using the DNA of so-called black people. Now we break down the most important of this chapter which is the Virus. Whenever a virus is in your computer it means that something has tapped into or hacked information in your computer. But why is it that we get viruses? This is because your DNA is your information and whenever we get a virus they are using these same CERN satellites to hack into our information which is stored in our DNA database. So when your mind is on low frequency it is easy for the unseen to extract the intelligence from your DNA that has been in it way before this life. This is why they tell you to get the vaccines, because they are opening up portals in you so that they can remote view the intelligence that is most beneficial to them. It has nothing to do with the flu. They turn down the megahertz of the earths heartbeat which lowers your heartbeats frequency causing a virus inside of your brain computer.

Earth constantly emits different frequency and electrical waves. Through magnetic field sensors, we are able to pick up these ultra-low electromagnetic frequency ranges that are then interpreted into a more audible sound for our human ears to perceive. The Earth is surrounded by multiple frequency waves that, in turn, creates our own Earth Song.

A NASA spacecraft had beamed back a beautiful song sung by our own planet. It's called chorus," explains Craig Kletzing of the University of Iowa. "This is one of the clearest examples we've ever heard. Chorus is an electromagnetic phenomenon caused by plasma waves in Earth's radiation belts and is made of radio waves that oscillate at acoustic frequencies, between 0 and 10 kHz.

The frequency of the earth determines the consciousness of the Beings that occupy it. This is why paradigm shifts must occur. Because it is the frequency graduation of intelligence within the mind which is the Universe itself. You are the natural computer that holds the online information the Universe is the internet that distributes this intelligence to you via the images inside of the frequencies that is broken down once it is set into your DNA.

THE EFFECTS OF THE MIND & THE CELESTIAL BODIES

(From The Spiritual Research Foundation Site): Over the decades there have been many scientific reports for and against the effect of the moon on human behavior. The reports analyzed heightened mind activity, increased visits to general or psychiatric emergency departments and people complaining of higher levels of physical and mental distress.

The Spiritual Science Research Foundation (SSRF) examined the effect of the moon on human behavior using spiritual research methodologies. In the spiritual research that we conducted using the sixth sense to ascertain the effect of moon on human behavior the short answer was yes, it does have an effect. The following are the various aspects on how the moon affects our life.

All objects including stars, planets and satellite bodies along with their gross (tangible) attributes emanate subtle (intangible) frequencies. These physical attributes and subtle-frequencies affect us in varying degrees at a physical and subtle-level.

The frequencies emanating from the Moon affect the frequencies of the mental body, i.e. mind of human beings. By 'mind' we mean our feelings, emotions and desires. The mind consists of the conscious mind and the sub-conscious mind. Within the sub-conscious mind we have a number of impressions that are embedded that decide our basic nature and personality. We are however not aware of the thoughts or impressions in our sub-conscious mind. These impressions get collected over a number of lifetimes. These impressions in our mind are the catalysts for all our thoughts and subsequent actions. Both the impressions and our thoughts have their own subtle-frequencies. **(Unquote):** Not only does the different full moons and new moons affect our mental, but it represents the awakening of the elder intelligence in us which is why you will see towers where you live on these nights flashing red and blue lights meaning they have on certain towers to suppress or reshape the energy being sent from these moon to activate things in you to help you heal in certain areas. **Many of us are told by our parents that full moons represent someone giving birth but someone is giving birth everyday and full moons are not initiated everyday. But overall it does represent the birth of new consciousness from within.These moons help to awaken the new life of spiritual consciousness. Physical consciousness is a hoax and can never be new because there is nothing new under the physical sun.**

WHAT ARE DIMENSIONS??

Can dimensions hold DNA? First off, what are dimensions and what is the cloth of its existence? These are the questions to think about. Can dimensions create thoughts and if so does these thoughts affect us or could we be the thoughts of these dimensions that is traveling through these dimensions as we become the dimensions that we travel through. If this is so, then we could very well say that these dimensions consist of DNA because as I've said before, the dimensions is in our minds and we are the minds. So if we are the minds and the minds is where all dimensions is activated then it is in our DNA where we store ourselves to be downloaded so that we can be pre-encoded into another body of intelligence in the next life. We look at DNA and we see what the educational facilities has taught us but in all actuality DNA has nothing to do with a physical components, it has all to do with your true time of existence and it records every YOU and every piece of intelligence that you have ever collected in every life that you have been. So whenever you are born, no matter what form whether it be a star, moon, or any celestial body in between these dimensions you will always be a part of whatever intelligence that dwells in that part of the mind called DNA. Your mind is your DNA and this is why those who lack certain superior elements within their DNA set up these medical facilities to extract the very intelligence that you have been collecting in places where they cannot reach due to the dimensions rejecting the artificial thoughts that these vampires consist of and remember that your thoughts is your DNA and it is the energy that transports you from one dimension to the next in the form of thoughts traveling through time and space.

WHAT IS SEEING & CAN WE REALLY SEE?

What is seeing? Are we seeing just because we can identify things in the physical realm? No. Seeing cannot be done on any realm of physicality because seeing is actually feeling. What do I mean by this? Well when you open your mouth you can't really see the words that is being spoken, but you can hear a voice distributing vibrations that has been shaped for your understanding and this is the same thing for seeing. You can see images, but what causes the images appear to

be a reality to you it is the vibrations of projection being manipulated through a dimension of the mind which has a geo-magnetic body of images that we breath into our minds which then projects these images that we think we are seeing. The ingredients that is instilled in our foods are made up of images which allows illusionary images to be displayed in your dreams and sleep gates which is in the subconscious. Not all bloodlines see the images that others experience such as certain bloodlines of the Africans can project deeper into their subconscious making which allows them to communicate with certain parts of themselves that existed in the future or even in the past. When we leave physical bodies we don't always take our full selves, when I say selves I mean the fragments of consciousness that is in our minds DNA. But even though we leave fragments of ourselves in the future or the past we always meet up with these fragments of ourselves through other people later on or through a process called De Ja Vu in the form of the environments we might encounter that we may recognize but not fully aware of when or why these De Ja Vu's was brought to our attention.

THE MIND & THE BRAIN

When we think of the brain many of us think about the mind but the brain and the mind is 2 different things. Just as you are a Soul being projected into a physical body your mind is the Soul which you are, that is in a physical body which is the brain. The Soul even though it is being projected into the physical body is not in the physical body. Your Soul is the projector which is the mind that is creating the images which is the thoughts that is being downloaded into your brain which is your physical body. We are not waiting to go into the future we are already there as well as in the past. When we so-call die we are not leaving a physical body, we are leaving a certain part of our mind to go into another part of our mind to meet up with other parts of ourselves in the form of intelligence. The body that we think we are is only used for us to travel in to collect information to download into our real bodies which is our mind. Our mind is the projector that is projecting our reality into our subconscious which is our 7th gate or our 7th chakra which is our dream world. When you as the mind enter into a brain, a part of you

will go to sleep and another part of you will be collecting intelligence unconsciously to carry into the DNA of your next body. The thoughts that you create in the body of the brain will manifest your next body in the mind of your next life. This is the laws of attraction. What you think here and how you think here is what you will be or what you get in the next life. So be careful of the thoughts that you create. Every thought that enters your mind is a fragment of you as an image that projects the things that you see outside of yourself, therefore making you everything outside of yourself. So when you harm nature you are really harming yourself. Many might say well how can I be hurting nature if I don't feel the pain that nature feels? Well just because you don't feel your environment doesn't mean that you are not a part of it. It's just like the legs on the body when you harm it you harm everything else as well because it is your legs that help you to get from point A to point B to assist everything else above it. It is sometimes said that our image of reality is an illusion, but that is misleading. It may all be an appearance in the mind, but it is nonetheless real the only reality we ever know. The illusion comes when we confuse the reality we experience with the physical reality, the thing in itself.

THE COMMUNICATION BLOCKAGE FROM PLANETS

There are four active satellites orbiting the Moon. The Lunar Reconnaissance Orbiter: Polar mapping orbit, mission by NASA. ARTEMIS two spacecraft. Acceleration, Reconnection, Turbulence and Electrodynamics of the Moon's Interaction with the Sun. Not only are these satellites orbiting the certain Moons but they are orbiting other planets, even the one that we occupy that we call Earth. What is the reason for this? The reason is to block communication via those who have Pineal Glands that is activated. There are other Beings that occupy the Moon and many other unknown planets that has the ability to transfer intelligence to certain Africans here on Earth through the Earths magnetic forcefield which has a connection to the Dark Matter that is being produced in their Pineal Gland or what some of us call the "Third Eye". The 13 bloodlines running the Earths communication and governments found out or at least

thought they found out how to stop the flow of intelligence from these planets to the original Being on this planet.

THE DECEPTION OF DIMENSIONS:

"I met the most profound illusion of oppression when I was introduced to religion." **(Osei Kufuor)**

In a world of many worlds that exist in its own sense of consciousness it is very strange that it is only humans and mankind that are the only Beings that ask questions. We are always trying to find out who we are, what our purpose is, and we seek freedom even though we did not know what freedom was until it was introduced to us by a system that uses this language to oppress the people it places within its jurisdiction. So for the mere fact that we seek freedom from a system that says that you need it makes you a pawn in the game that they are playing with you using these words of frequencies as spells to keep you emotional over something that only you can give to yourself. Why is it that the birds and other things in nature do not ask questions. Birds do not seek freedom and justice because it doesn't know the frequency of this word therefore it is not under its spell to need anything that it did not create. When we look at the psychology of all humanity and mankind we have placed ourselves under a hypnosis and this hypnosis has caused us to seek things that we already are. When I say seek things that we already are I am saying that you can not beg and march for justice and freedom because you are the justice and freedom and when you start to see yourself in this position or from this standpoint then by default you become the Master of your own reality being that the frequency of your attention from the body of your mind is focused directly on your world and your world only and when your thoughts is directed within instead of outwardly you then began to

cause these systems around you that need you exist to engage in their games, you will cause them to fade away. Remember that everything is first manifested in the mind before it becomes an art of reflection from yourself. You are the art of existence painting on your spiritual board whenever you create thoughts being the paint brush to create your picture of reality for your own destiny. Many people ask me what is the greatest thing to study and I tell them to study that which reflects you which is nature. Nature is where your mind expands in the form of the things that live inside of it. Nature is where your true Ancestors and relatives dwell speaking various languages of spirituality through photosynthesis to you giving you information and unlocking certain pre-encoded DNA in you whenever certain things of the unseen is awakened in it. Every mind that exist thinks on a different time zone of dimensions due to its very own spiritual bloodline. This is why we can not determine kinship using physical DNA, kinship can only be determined from the spiritual aspect because we are not physical bodies, we are spiritual bodies which is the mind that carries us from one body of intelligence to another. This is the "Deception Of Dimensions.

WHAT IS DEATH?

What is death and how does it correspond with where we are at the moment? Well to answer that question one must first find out where the word was learned. Well I did not know the frequency of death until I was introduced to religion and the definition that I was introduced to pertaining to this word gave me an emotion of fear when I downloaded this frequency into my brain computer. So now we must analyze the agenda of why this system wanted the masses to feel this emotion after downloading this into our subconscious. Could it be that the same people who created this word needed the energy of the population on a certain megahertz to assist certain satellites in using this frequency of emotion in us to control not only the minds but the thermostat of the earth because emotions is energy when in jurisdiction of various altering modulating systems can be used to alter the weather of the Universe. This is how the United States

was able to create the HAARP systems. They found out that the Africans have a very distinct type of energy in their DNA similar to dark matter that can be used to heat up the ionosphere and also cause catastrophes. This is also why they had to create the word death. Because there is certain properties in the biochemical structure of Africans that can be ignited when in the state of Peace during various paradigm shifts throughout the year. Christmas is one point of the year where the Kundalini of the Universe is rising to detox accumulated toxic energies and if the African has direct communication to the Universe through the energy exchange from celestial bodies in the Universe then we are able to detox these energies as well at this time of the year. So what does the scientist do? They find a way to place our attention on a holiday where our emotions is regulated on a low frequency causing our bodies geo-magnetic forcefield to reject the negative energy cleansing process of the Universal shift. So let me just say this. When you are leaving this physical body you are not experiencing death. You are experiencing the process of transfer from one body into another body. We are all in a 3rd dimensional body getting ready to exit another physical womb. This is the reoccurrence of existence by destiny without a destination.

DO WE HAVE A DESTINATION?

Many people ask me do we have a destination? My answer is always no. That is like saying that there is a limit to knowledge. This is why I do not believe the saying that "There Is Nothing New Under The Sun". Why? Because to say that anything is limited says that there is no room for growth and everything grows weather it loses or dies. Its meaning and purpose causes it to be a forever evolving element of its existence. Destiny is always authoring things and even if she closes the book she always begins another one whether it is about you or not because even if it is a book of another dimension you must remember that you are everything. Even the unknown which is the reality. The reality covers ALL whether you are conscious of it or not. You are everything and you are everywhere. At the same time that your mother was giving birth to you, you were

giving birth to her because you are that which you come from and that which you come from is that which it gives birth to. We are forever evolving through each other physically and mentally to create an ingredient that will manifest something good for our destiny to digest for us so that we can create healthy thoughts on our road to other minds that we become when we leave these physical bodies.

DIMENSION DECEPTION

The dimensions as well as direction and time has been compromised by agendas to keep the real truth of what is going on a secret. When you study the globe of the earth and the maps you are studying an incorrect blueprint set up to compromise the position of the people. When the words east, west, north, and south was created and they were determined which direction was going to be what, it was done with an agenda so that we would not be able to see the true aspect of where things really were. Dimension's is measured by distance and time so if someone is defining your distance and your time then they are controlling your every move and your every thought. Let's get into this much more deeper. When you measure the distance between what they call countries you are measuring the distance in time zones and time zones create other dimensions which causes the people in these dimensions to have different thought patterns and languages. Not only that but in most cases when you enter certain countries which I call dimensions and some planets, you are entering into other worlds that exist within this world with people who may appear to look like you but they have different DNA and energy.

THE WORLD MAP AND GLOBE THAT THEY GAVE YOU IS A LIE. THE UNIVERSE IS INFINITE THEREFORE HOW CAN YOU PUT ANYTHING THAT IS OF INFINITY ON A

SQUARE PIECE OF PAPER OR ON A SMALL ROUND OBJECT. I GUESS THIS WOULD MEAN THAT THE EARTH IS NOT FLAT NOR ROUND. JUST SOMEBODY ELSE'S THEORY TO CONTROL YOUR DISTANCE AS FAR AS HOW FAR THE TRUTH EXPANDS. GUESS WHAT? YOU ARE THAT TRUTH BECAUSE YOU ARE THAT UNIVERSE. NEVER LET ANY SYSTEM OR MAN LIMIT YOUR DISTANT.

(IF YOU CLOSE BOTH OF YOUR PHYSICAL EYES YOUR SPIRITUAL EYE WILL OPEN)

Whenever you have a system creating your direction and time and that direction and time is created to keep you in a box or in a circle then you become a victim within a laboratory to control how far your mind can expand within the dimensional plane where you are.

THE EXTRA-TERRESTRIAL INFORMATION:

Who are we and where do we really exist? In this book you will be forced to think outside of the box and challenge the unknown that resides within the rabbit hole of these extra-terrestrial fragments coming from a mind that knows the difference between the illusion and the reality. Osei Kufuor is not like any other metaphysician or Ufologist when it comes to the information on Aliens and extra-terrestrial elements of consciousness. Do I believe that aliens are some green figures flying around space with bugged out eyes? No. I do not believe this at all. But I do know that there are things among us in human form that live beneath the oceans and the earth that has whole civilizations that can see us and they come among us imitating animals and people whenever they are dropping off intelligence or to take away things in our environment to experiment their intelligence on when it is necessary. There are star systems and other parallel

realities within our DNA and under our feet that communicates with us at specific times such as full moons and various paradigm shifts, but due to us giving our attention to the Matrix we close our ears to these intelligent Beings who come before us as different energies to heal, evolve, and give us powers that is being suppressed by certain satellites that is set up by the children of the reptiplians to intercept these energies from us via these satellites while we sleep at night. As you go further into the book I will go more indept to this information. All I ask is that you, the reader have an open mind to this information that you are about to experience. Enjoy the Light and eat it slowly. One Love!

SPIRITUAL RACISM & THE PHYSICAL SOUL OF THE MIND

When we are talking about race on any level we must go back to the root of who created race. Because whoever created race they had an agenda when they created race. The reason we are so oppressed when it comes to us as a people is because we see every so-called black face as being black. But we don't know that the same black face that we hang around every single day is more detrimental to us than the people who created race because every black face is not from the same spiritual bloodline and they knew this when they created this machine called racism. They knew this because they study astrology and astrology helps you to see a thousand years ahead of time because he who creates time controls those who are on their time which is the illusion, we are on an illusionary timeframe that is surrounded by various parallel realities. So when race was created, it was created to alter the spiritual component of the actual reality. What am I talking about when I am talking about reality? Reality can only be manifested by those who have their own independent mind, because your mind is your true body that is made up of consciousness. So when you are creating something to apply to your own spiritual law you are attaching something to your own timeline. So when you have people that are on your very own timeline these people become oppressed to that time. Its like every single morning we get up most of us have to go to work. We have to be to work at a certain time we are on a schedule, this is real racism. Racism is a system of those who control the minds of others

who have their own independent or individual destiny. We all have our own destiny. For an example. When we are studying the systems of the earth you must understand that the earth has its own system. The sun rises at a certain time and the sun sets at a certain time. If that theory is true, but I'm going to use it as my basis because most who are reading this book are only conditioned based on the sun rising and setting. When you study the earth's system it has a time when it detox and it is at its point now where it is detoxing because we are in a paradigm shift where the astrological systems is now going out every single one of them is going out from 12 systems to 13 sytems. When Im talking about 13 systems I am talking about the 13th zodiac which is the new energy of Ophiuchus. This is a new energy that is going to distribute to us new colors, new time, and new sound which means a new mind because every tend to think that your brain is your mind when in actuality your brain is physical and your mind is physical. So your brain is like your physical body. This is why everything that come through it, every thought which is a fragment of you that comes through that brain tells your physical body what to do because the spiritual part which is the mind is what contributes that. So he who controls the mind controls the brain and he who controls the brain controls the body and he who controls the body controls the physical environment. So when we are talking about racism, racism is not black or white because we have our own people putting each other in slavery every single day when we lack moral values for one another. When we throw spells on each other, when we call each other things that the oppressor created in the name of religion. When we say that we are gods we have to go back to the root of it. We would have never known who god was until it was forced on us through a religion that oppressed the people. So why would I want to take a word which is a frequency that you can use to distribute a spell among your people. Its not right. So when we are running around talking about the black woman is god it is foolish because anthropologist have found bones of black woman that is older than the word god itself. We are discounting her. God can not exist without the word and the word can not exist without the mind so therefore there was a mind that created the word god so if god was created through the mind then we must by default say that the woman is created. The question is what color was the mind that created the word god? It wasn't an African mind because Africans did not

worship a god 5,000 years ago and I defy anybody any archaeologist to go into the tombs and find an English word such as god because our Ancestors did not speak English 5,000 years ago. We spoke through vibrations of the mind. Africans did not speak Arabic 10,000 years ago. These religions were forced upon us because they say the greatness of, not only our spiritual mind but our physical mind. So because they studied and knew our physical mind they could slightly tap into our spiritual mind.

YOUR BRAIN HAS A SOUL & THE PAST PRESENT AND FUTURE

We must overstand that our minds is not new. The brain is new which is the body of the mind, just like your body is a physical body that contains a Soul. The soul is the mind the body is the brain. We are going to go further. We have been using our mind pas the beginning of time, why do I say this? Because the word beginning is English so I would be a hypocrite to even try to put a timeline on our mind, but I know that our mind is a body and if our mind is a body and our mind creates thoughts then we know that our thoughts travel from dimension to dimension because our thoughts is fragments of who we are so therefore when we are dreaming your subconscious which is the 7th gate or your 7th chakra and if that 7th gate is being infiltrated by anything that is not in the jurisdiction of its element which is laws because elements is laws and if you go against the element you are breaking a law. So when you go against your ownself you are breaking a law because your mind is your very own court to define your own laws. It has nothing to do with mans laws. So when you are not thinking you are not traveling and when you are teaching the thoughts that become your words is you transferring yourself into another element to travel into the mind as others thus making you become a frequency of residue on their brain and the brain consist of a soul which is the mind. So every time you speak a word to anyone you are releasing a part of you into the mind which is a world of another person. So when they leave that body and enter into another body they will take you with them. But if your vibration and frequency is not powerful enough they will only take the

residue of you into the 7th gate which is the dreamworld. But we also have something that is called the 8th gate. The 8th gate is the next life, and right now we are inside of a womb of the woman, it has nothing to do with sex it is the only black hole that can give birth to civilizations and this is why we honor the woman, this is why many call her the "Black God". Right now we are about to be given birth to. Someone is pregnant with each and every one of us and as soon as we reach the state of what we call death we are being given birth to in another body, which is another body of consciousness. The question is, how do our next body get there in the next life where we are going to from here? It got there because your thoughts is like sperm and when you put sperm inside of a feminine element it produces a civilization, whether it is a physical civilization(non-melanated Beings) or a spiritual civilization(melanated Beings) to carry out into another dimension. So whenever you create a thought you are creating civilizations of yourself in a past, present, and future. Right now you exist everywhere. Some questions that we ask is not meant for us to know. The things that we want to know here is not meant for us to know here. Why? Because we knew it in a past life and we accomplished whatever agenda to the question that we are asking here. But we had to come back here because we left something, and when you leave something that is valuable you have you have to go back and get it. Why do I say that? Because you have something that is called an author which is your destiny and everybody have their own destiny. Everybody have their own history. But when these European systems of education told you that we had a collective history that we call African history this is what enslaved you, it has nothing to do with slaves being beat and hung on trees, this biggest oppression is when they told us that we had a collective slavery which most of it was comprised and created by the same people who created your religions. We all have an independent history because we all come from our own individual spiritual bloodline. If we are not spiritual people then we why are we trying so hard to contact or be a part of a physical history. THINK ABOUT IT. **Do you know who wrote your history? So we come out of our mothers womb we grow up and we go to school and the same people who would lie about the history of Christopher Columbus tell you that you are African and you believe it? Find the first person who said that you are an African. And if you say that the Ancestors**

who were here before language ever existed called themselves Africans then who are their names. Find the first person who said that you were a slave. Because once you put that you are a slave in your mind you are manifesting the things that you put in your mind to be in the next life. You create your own body of reality by how you think. And if someone is telling you that you were a slave then this is the reality that you create for them. So you are what you think. Therefore if you put the words or the elements or the frequencies slave in your mind as your history then you are that. But if you say that you are the most superior and if you say that you are not a slave, even though those people who claim to be conscious is going along with the agenda of the oppressor who say that we are slaves through their so-called degrees and so-called certifications they are not conscious. They are only agents of the mind keeping that word alive to tie you down into the matrix. Anybody that say you need a degree to be spiritually intact with that which did not have a degree 10,000 years ago is an agent of the mind. A degree can not confirm or initiate spirituality and if you are spiritual then your greatest degree is the common sense that is in your mind before it was tampered with. Europeans did not exist 10,000 years ago so what did we have to give us credibility pertaining to our intelligence? What did we have to confirm our intellect? We had ourself. You are your degree. So when you are talking about having credibility through a piece of worthless paper or an institution you are only gaining credibility for the institution that you attend. You are only great when you can separate yourself from the world and things that is in the world because the things that is in the world has nothing to do with you, this is why the things in the world do not have your fingerprints. If we all had the same fingerprints then I would be saying something different, but for the mere fact that we don't have the same fingerprints lets me know that we do not have the same destiny. You may think that fingerprints is something that you have on your hands that they can trace on a gun or something, no your fingerprints identifies something spiritual. You can take your fingerprints and break the blueprint of its shapes down to its lowest common denominator and find out the characteristics of a person with that fingerprint and also their future events. So when you go into a jail and they take your fingerprint they can tell 20 years down the line whether you are going to commit a crime and this is how they measure you judgment when they

sentence you. So if they see that you were going to commit a crime 2 years after your sentence they will sentence you to serve time past those 2 years to alter that crime that they used your fingerprint to see by way of the astrological systems and your birth date along with your print. They only teach you the general basis of DNA. DNA is never disconnected from you because DNA is your spiritual computer that holds information. The things that we call blood, sperm, and plasma these are only the physical components of what we DNA and that physical DNA holds something that we call a soul and this holds the information which is consisted with that DNA. And what do we call that? We call it the unknown. What is the unknown? The unknown is the reality because anything that can not be defined can not be broken down to its lowest common denominator is more superior than that which is known. That is why we are enslaved because we know that we are Africans, we know that we are Moors, etc. But this is only in the physical realm, but what are you really if you are not the flesh? You are only these things because somebody told you that you were these things. Farrakhan tells you that you are muslim. TheEuropean told you that you are Christian. The educational system that steals and lies about history told you that you were African. But where do they get their literature from. Where did they get all of this from? Just think. I don't care who it is they learned it from somebody else. This is why they hate Osei Kufuor because I do not stand in the jurisdiction of that which you have learned from these so-called leaders who got their agenda's from the oppressor. You can not say that the oppressor is the devil or the oppressor is evil but you still utilize his theories and his frequencies that was induced within his agenda that is placed in his educational facilities to identify who you are. I'm nothing. Because the one that is nothing is that which is stronger. I have no mental laws to abide by but my own therefore I don't have to follow the laws of the matrix. I do not have to follow a god or a Jesus because we know that the word god is only a few hundred years old created by man. So if the word is only a few hundred years old then the Being itself is only a few hundred years old and we know that anthropologist is finding so-called African bones millions of years old, older than the word god. The word god and allah did not exist at a time where language did not exist so who were the Ancestors worshipping then? Our Ancestors communicated to the stars. We are more than humans. The word human is

English and we were here before the English language so what were we before the word human existed? Many do not understand me and the things that I tap into during certain full moons I don't need a degree because my degree is already pre-encoded in my DNA. Many say that I am wrong. How can I be wrong? Prove me wrong. Because you know what? Every since I came and started to do free lectures and give away free literature there are agents who are in the so-called conscious community that the government has on payroll that is mad because I'm stopping the flow of their financial flow for their side hustle. I have never charged for knowledge. There are many who say that the white man is wrong for charging us for utilities, water, and things that we have a right to by nature but they charge you for knowledge when knowledge is a utility which helps us to see. That is very hypocritical. A man by the name of George Soros is funding these black organizations and many individuals in the so-called conscious community in New York. You don't have to believe me but soon you all will see and when it comes out it will be too late. The dragon will have gotten full off of your money and emotional energy. We are going to go even further. There are clones that exist among us with black faces that is being operated by the European. They are all over New York. They are in the Nation Of Islam. They are in the church. They take your DNA and they copy the information from your DNA, they copy and paste your DNA into a clone and now your clone is actually carrying out their agenda. But can they get Osei Kufuor? No. Because I am 50 years ahead of them and 5,000 years spiritual time ahead of them. They want me so bad, I get so many offers from Hollywood. They ask can they use my book to create scripts for movies. No. Because what they really want is the information that is awakening in my DNA. But I got defense. I do not need physical defense. Call me pseudo call me whatever you want to call me but I know that half of you fools use the word pseudo because many like myself believe and know extra-terrestrials but most of you are following Elijah Muhammad and Farrakhan and if Farrakhan said he went up on a wheel and spoke to Elijah Muhammad then call them pseudo scientist as well. You all who follow man are enslaved.

All the so-called races of the earth such as the Chinese, Japanese, and the various other cultures are all descendants of an extra-terrestrial bloodline of Beings that have the knowledge and intelligence of those who live on top of the earths surface. The African are the children of a bloodline that is the oldest and most dominant group of Beings who's bloodline goes beyond the star systems civilizations which you can find in their DNA. We will go further into the specifics pertaining to these different cultures even going into the society of species that lives under the jurisdictions of the West Coast mainly California. Was the Nazi's a group created here or were they an experiment of hybrid Beings posing as humans carrying out the agenda for a hierarchy of extra-terrestrials that need a body with certain types of DNA to exist. Who are we? Are we really human beings, and if we are descendants of extra-terrestrial Beings, where are they and how do we get in contact with them?

If the educational system would lie about the history of Christopher Columbus finding America, then we must analyze the other patterns of falsehood that lives within that jurisdiction. According to the bible the earth was created a little over 6,000 years ago but there are anthropologist who have found bones expanding millions of years old. The English language is not 6,000 years old so my question now is, how do you have the first man named Adam and first woman named Eve both English names yet the English language was not even in rotation at that time. The word God did not even exist 6,000 years ago so what is the real name of this Being that you call God? These are the questions that must be asked because God can not exist without the word so if the word did not exist until the Greeks made it which was thousands of years after this creation story how did God exist? Why is this God being recorded as speaking English?Could this be a higher Being who created the European to carry out an agenda for his bloodline in return for some kind of time or intelligence on Earth? Well lets open up our minds and receive my people.

DNA is by its essence an information-storing molecule. The genes that we pass on from generation to generation transmits the blueprints for creating the human body. That information is stored in biological strings of what is often called the 4-letter DNA code. That really refers to sequences of four building blocks abbreviated as A,C,T, and G found in the DNA molecule. The A,C,T, & G blocks is what I call the 4 elements of intelligence that is binded together within the DNA molecule. Specific sequences give the body directions for creating particular proteins. When the Sun and your melanin is communicating through what we call a process of photosynthesis, what is happening is that your melanocytes is taking pictures of the information that is traveling from the sun breaking down those frequencies of light into a form of data which is downloaded into your Pineal Gland which acts as a photo album to the information that has been received from the sun.

What does this have to do with "Extra-terrestrials or UFO's you may ask. It has a lot to do with it being that we are the only Beings on this earth that has genetic codes that can receive and break down intelligence of information that is distributed by the sun without having any negative effects. We are the only Beings on this earth that can use certain intelligence to unlock information during Full Moons and other Paradigm shifts that affects the equator. You may ask how does this happen. Well anyone who studies vibrations know that you can use it to alter or to manipulate thought patterns whether through brainwave frequencies or DNA patterns. Well what is a full moon? A full moon is when new life or intelligence is being distributed by way of vibrations onto the earth changing or awakening pre-encoded information that is stored in those bodies that consist of Dark Matter which melanin. What does our melanin have to do with the full moon? It has a lot to do with it being that it is in our melanin that we have data and images of history stored from every single body that we have been in, every life, every thought, and every gift you have ever had it is there in our melanin and

there are European scientist that is using the energy of the full moon by way of certain GWEN towers to tap into our DNA and sell our gifts and make scripts out of the information that is downloaded in our melanin. How is it that we can do this? It is because our Pineal Gland is activated and online with other civilizations and intelligence within the Universe.

Credo Mutwa is a man of great intelligence who was born in Zulu Land, South Africa. This is a man who is hated by most of his own African people because of his teachings pertaining to higher Beings within the confines of what we call Africa. He is spat upon by those who like in the so-called conscious community in America who would label anyone who speak of Aliens or Extra-terrestrials as pseudo-scientist, and the sad thing is that you have many Europeans who go there and learn from this great Ancestor while we are arguing and debating over things that we have been addressing for decades because we are afraid to really tap into real African spirituality. Below I will distribute information from the mouth of this great man Credo Mutwa that was given in an interview. MINUS QUESTIONS FROM THE INTERVIEWER.

WORDS OF CREDO MUTWA: (Throughout South Africa, amongst many tribes, you'll find stories of these amazing creatures who are capable of changing from reptile to human being, and from reptile to any other animal of their choice. And these creatures, sir, do really exist. No matter where you go throughout Southern, Eastern, Western, and Central Africa, you'll find that the description of these creatures is the same. Even amongst tribes which never, throughout their long history, had contact with each other at all.

So, there ARE such creatures. Where they come from, I will never claim to know, sir. But they are associated with certain stars in the sky, and one of these stars is a large group of stars which is part of the Milky Way, which our people call Ingiyab,

which means "The Great Serpent". And there is a red star, a redish star, near the tip of this huge rim of stars which our people call IsoneNkanyamba.

Now, this star called IsoneNkanyamba, I managed to find its English name. It is the star called Alpha Centauri, in English. Now, this, sir, is something that is worth investigating. Why is it that well over 500 tribes in parts of Africa which I've visited in the last 40 or 50 years or so, all of them describe similar creatures?

It is said that these creatures feed on us human beings; that they, at one time, challenged God Himself to war, because they wanted full control of the universe. And God fought a terrible battle against them and He defeated them, injured them, and forced them to hide in cities underground.

They hide in deep cavities underground, because they are always feeling cold. In these cavities, we are told, there are huge fires which are kept going by slaves, human, zombie-like slaves. And, it is further said that these Zuswazi, these Imbulu, or whatever you choose to call them, are not capable of eating solid food. They either eat human blood, or they eat that power, the energy that is generated when human beings, on the surface of the Earth, are fighting and killing each other in large numbers.)

MERMAID ABDUCTIONS & THE AFRICAN SHAPESHIFTERS

Mermaids are Beings that exist. These entities you can find off the shores of Zimbabwe, Africa which is Extra-terrestrial tribes living in the underwater bases closer to the Inner Earth Civilizations. In February 2012, the United States secretly hounded the Oceans in areas of Zimbabwe, Africa drilling for resources only to be approached by Beings which caused these United State workers to withdraw from their mission.

Once there were essential work on planned reservoirs in Zimbabwe has stopped because mermaids have been hounding workers away, according to the country's

Water Resources Minister. Samuel Sipepa Nkomo told a Zimbabwean parliamentary committee that terrified workers are refusing to return to the sites, near the towns of Gokwe and Mutare. Minister Nkomo said the only way to solve the problem was to brew traditional beer and carry out any rites to appease the spirits. All the officers I have sent have vowed not to go back there', Minister Nkomo was reported as saying in Zimbabwe's state-approved Herald newspaper. One tale says mermaids carry humans underwater, but if there is a public outcry their relatives might never see them again. But another tale suggests victims can return as spirit mediums if their disappearance is not mourned. The senior politician said that mermaids were also present in other reservoirs. Whenever a Europeans consider anything a tale or demonic they are really hiding it to be true.

THERE WERE AFRICAN CIVILIZATIONS UNDERWATER WITH THE BIOLOGICAL STRUCTURE OF FISHLIKE BODY FUNCTIONS THAT EXISTED BEFORE CIVILIZATIONS IN NUBIA, KEMET, AND OTHER JURISDICTIONS OF AFRICAN LAND CIVILIZATIONS. AND THEY STILL EXIST TODAY. (This Has Nothing To Do With Evolution. Just Different Bloodlines & Tribes Of African Extra-terrestrials Beings)

In 1995 there was a tribe off the coast of Zimbabwe that was being monitored by the Central Intelligence Agency (CIA) from facilities that is underground in Area-51. (Agenda Unknown). But they monitored these tribes for almost 4 years until they made a decision to approach these tribes. Upon reaching the shores where these African tribes were being monitored these operatives found that these tribes had mysteriously disappeared only leaving a trail of what they tested to be ashes from the scene where this trail led to the oceans coast where this tribe had been seen. They were there but the Europeans who were at the scene did not have the necessary DNA to detect these Africans. **THEY ARE STILL THERE TODAY**.

DOLPHINS ARE HUMANS FROM THE STAR SYSTEMS

When studying the eyes of dolphins and whales, there is a clear resemblance in the contact of lightwave frequency in the African when communicating with the Sun and other Celestial tribes of entities within the Solar System. For an example. When the equator shifts at a balanced equilibrium with the tectonic plates in the Earth, new forms of energy causes the Earth to vibrate making the Pineal Gland of neuromelanated Beings and the various species in the ocean to turn on new DNA in the body. In an article titled: "Whale Communicators" it states. "DNA is activated, new research shows, by waves and particles of energized sound and light which, more than chemicals or drugs, switch genes "on" or "off." Likewise, genetic inheritance is energetically transmitted "bioacoustically and electromagnetically" through special water molecules that form the electrogenetic matrix of the DNA. These hydroelectric structures shaped like pyramids, hexagons, and pentagons, direct healing processes. In this case, dolphin-assisted therapy occurs in an undersea environment-electrochemically similar to human blood serum-which enhances the energetic effects according to the researchers." **The melanin in the eyes of Africans operates just like the melanin in the eyes of dolphins. Like the dolphin if we create certain vibrations in the subconscious part of our brain we will be able to turn on and turn off certain DNA within our biological computer and tap into other dimensions to bring back information from what the illusion calls the future as well as the past.** They send these frequencies into the water, using sonar and sound, and change the molecular structure of the water that swirls around us. They create a field of harmony similar to that of chanting monks. In addition, they affect our bodies when we are in the ocean with them, by helping us to elevate our awareness into greater streams of advanced wisdom, stimulating dormant parts of our human brain and awakening memories of our connections to higher consciousness. Dolphins also have a frequency emission organ that is similar to the Africans Pineal Gland which operates and distributes intelligence through water. Water carries information that it receives through vibrational encounters with other civilizations under the Ocean. It is said from various tribes in Africa that when full moons occurred our African Ancestors would accompany the dolphins

in the ocean because they knew that when full moons were born that the Pineal Gland of the Africans would be able to intercept the information frequencies from these dolphins. (Reference: Credo Mutwa Dolphins Are Healers)

Dolphins through their ultrasound emissions can detect diseased vibrations in the human body which in turn they can emit higher vibrational soundwaves to connect with those diseased frequencies to boost those vibrations into a more healthier rhythm where your body can reject the diseased signals that is downloading into your bodies biological system such as diabetes, cancer, and other man-made ailments.

THE TIMEZONE DIMENSIONS WITHIN THE CONSCIOUSNESS OF THE UNIVERSE & THE AFRICAN BRAIN

When studying the brain of the African did you know that when we physically go into the timezone of what we call Africa, that there are certain systems in our brain that becomes activated due to the change of light and density when we enter that portal. This is why they scare you with getting shots when visiting Africa because they don't want your brain to truly open up into its actual capabilities. Not only that but because our Pineal Gland is closer to the equator did you also know that once we enter Africa that our spine automatically aligns allowing the flow of energy to communicate with any Universal Paradigm shift that may be taking place in the Universe. When studying the globe you will see that the European has divided the time and space into four equilateral timezones which is almost correct but not important. But what is important to see is that they did not teach you that time and space not only determines timezones but it also determines the dimensions of your physical space and your mental capacity.

Europeans as well as other organizations claim that the earth can be weighed when this is not true. What we live in is a compiled hologram of light and density which is made up of molecules and images that we breathe in which causes our brain to project these images as shapes and this is why we have so-called scholars assuming that the earth is round or flat. So if the earth is made up of molecular images stemming from light circumventing density, then common sense tells you that light is the lowest common denominator, therefore light can not be weighed, it can only be measured creating time and space which we call eastern time, central time, and etc.

EXTRA-TERRESTRIAL INFORMATION:

Within certain sectors of the Earth you have what is called parallel environments that consist of different elements which sustains the various DNA imprints within the Beings or Species that occupy that part of the Earth. Within the Inner Earth there are various citizens of extra-terrestrial bloodlines that are developing the necessary cells and organisms that are needed to place these Beings on the surface of the Earth where we are currently residing. Why are they not able to come on top of the earth? This is because they are not able to take in the type of oxygen that we are currently utilizing to operate on this dimension. Why is that? This is because the Earths heartbeat differentiates as you proceed from the inner earth to the outer earth causing the rhythm of certain oxygen molecules to become more denser in most areas than others. In order for anything to exist in any location of any dimension the heartbeat or diagram of that Being must be in cosmic rhythm with the jurisdiction that it is in.

Whether you believe it or not, there are other "Parallel Universes" that is seeping in and out of this Dimension downloading information by way of dreams, portals, and other beings who are contacting certain Africans by way of their DNA.

YOUR SHADOW GOVENRMENT IN WASHINGTON D.C. IS THE PROJECTION OF THE REAL GOVERNMENT UNDERGROUND

The United States government is not just a corporate entity dwelling in the jurisdiction of laws and politics. This government is made up of a body of hitmen created by reptilians to initiate wars on the top of the earth to reserve bodies for those Beings living within certain parallel dimensions in the earth. Anytime the American government is speaking of war this only means that there are other reptilians being born in which the older ones are trying to come on top of the earth to keep that part of the inner earth from being over populated with them and in order for these entities to exist on top of the earth they must occupy a human body. There are other parallel Universes that have portals opening in certain parts of the earth where these reptilians are surfacing to occupy the bodies of humans so that they can maintain their form on top of the earth. Whenever you witness a shapeshifting human being it means that it is time for that being that is living in that body to occupy a new one.

YOUR HOSPITALS AND MILITARIES ARE BODY SNATCHERS FOR REPTILIAN BEINGS IN CERTAIN PARTS OF THE EARTH WHO IN EXCHANGE DISTRIBUTES HIGHER FORMS OF INTELLIGENCE TO THE EUROPEANS WHO THEY CREATED TO RUN THE WORLD POPULATION. THEIR CHILDREN ARE THE OWNERS OF GOVERNMENTS, HOSPITALS, RELIGIONS, & BANKS.

ORGAN HARVESTING FOR BODIES

In a book titled: "Bloodline Of The Gods" on page 176 chapter titled: Lizard Men

And Genetics, It states Quote: / The reptilians are shape-shifting extra-terrestrial monsters that have lived among us since time immemorial. As a result of their abilities to take on human form, they have completely infiltrated society, governments, and military intelligence agencies. These are none other than the British royal family and countless famous figures of Hollywood and the music industry are terrible reptilians masquerading as humans and hybrids. They are true secret rulers of the world machinating and manipulating as they coldly see fit. / Unquote:

In the confines of what we call Africa is many hidden portals that these reptilian bloodlines is using to go in and out of by way of the CERNS Hadron Machine using certain Moons within the Inner Earth to open up these portals to abduct the bodies of children to initiate rituals to intercept their melanin DNA information therefore this is why they are finding bodies of African children all over the desserts in Africa. There are actors who are in Hollywood that is using the adoption tactic as an excuse to take African children and harvest their organs. Not only that but there are others directly on the planet of Africa kidnapping these children in plain view. Every war is initiated for the sole purpose of organ harvesting from the bodies of the victims in these wars. If melanin in the bodies of Africans is worth $353.00 per gram meaning worth more than gold, platinum, and other resources then why would these reptilians won't these resources when they can take the bodies of the African human resources? What is in the African body is worth more than the resources that you assume they are fighting over.

THE AFRICAN EXTRA-TERRESTRIAL GIANTS

Kigali, Rwanda — According to a scientific report filed by a team of anthropologists digging in Central Africa, up to 200 gigantic alien bodies

entombed for five centuries have been unearthed. Archaelogists in 1937 breaking into a small pyramid in Egypt discovered a giant, alien-like humanoid. Unlike most ancient Egyptians, the cadaver was not mummified, had no ears or nose, a very wide mouth and no discernible tongue. Among the relics, the team also found a burnished disc of unknown metal engraved with unknown symbols what appeare to be hieroglyphs. They also retrieved small stone tablets depicting pictograms of stars, planets and very distinct machines.

WE ARE THE EXTRA-TERRESTRIALS

Being over 6,000 years old what we call DNA inside of these African giants operated at a time where a different type energy communicated within their etherical bodies. At the time that these extra-terrestrial Africans existed (which they still do today in some inner parts of Africa) they had other distinct organs in their biological functions which gave the evolution of their bodies the ability to extend or grow tremendously within the physical structure. As the energy of the Universe started to change most of these African Beings succeeded in being able to retire into some parts of the Inner Earth where there are other civilizations of Africans living today as well.

On March 13, 1956 a Navy conductor under the U.S. sector known as Admiral Byrd returned to the United States and reported that while on a research navigation" he encountered distinct vast lands upon the expidition." (which he later referred to as an "enchanting continent in the sky.") These explorations were divulged on the radio at that time, having world-wide significance. Although millions of people heard the announcements and press releases (myself included), the U.S. Government decided to strictly censor the information and prevent its circulation. No additional details were given and the

reports of Rear Admiral Byrd were forgotten.

AS RECORDED BY ADMIRAL BYRD: He said- While I was remote viewing this place during my *Time Travel* seminars at Sky Island Ranch, Hawaii, I saw a vast world with mountains and shorelines, and lush green vegetation with rivers and parks. A misty red sun on the horizon was emanating more warmth than seemed warranted. The climate was warm! The tall men and women I met seemed very caring. (He did not say the men and women he met, he said the tall men and women he met seemed caring). Their transportation is via hovercrafts and larger disk-shaped spacecrafts that apparently enter and exit the inner Earth. Their homes are mostly dome shaped and their personalities are spiritual; they are compassionate, gentle and wise.

THEY ARE USING YOUR DNA TO REMOTE VIEW

THE UNIVERSE & TO TAP INTO YOUR DREAMS

I know that there are a lot of teachers who utilize the Admiral Byrd Remote viewing reference of the inner earth to make their teachings credible, but we are going to go even deeper. The question is, how are they able to remote view these inner earth civilizations? NASA has generator boxes similar to remote satellites that they distribute to the medical facilities and hospitals in America. Open your ears black people because what I am about to say is very important pertaining to you giving blood, plasma, and sperm in these medical facilities. In our melanin we have distinct genetic codes that has a remote communication to the dark matter in the Universe that allows scientist to tap into other existing civilizations. They place your DNA into these generator boxes and via satellites they signal the

genetic codes in your DNA which allows them to use your subconscious to tap into these earths civilizations. Its just like when you have a problem with your computer you can call technical support and they will tell you to tap certain keys on your computer which allows them to remote control your computer from distances across the world.

The American medical system is more than what you have been conditioned to think they are. Every hospital and medical facility is third party to the National Aeronautics and Space Administration (NASA). Every hospital and medical facility are the vampires of DNA, in particular black peoples DNA which contains information that assist in the opening of portals. NASA utilize disk cartridges to photograph the intelligence that is in the our DNA and in our DNA they can see the very homework that you did as a child because your brain takes pictures and stores these images in your subconscious. So everything that you have ever forgotten from childhood they can easily tap into your DNA and pull it up. There are black boxes that are supplied by NASA that contains cartridges where your DNA is stored and this black box is set up to extract information from the nucleus in your blood cells which is identical to the USB card in your computer. (Plasma is a strong metallic that intercepts radiowaves via images and sound which can be transferred into a body that can alter the dreams and information in the DNA)

AREA-51 ENCOUNTER:

In an article by John Winston It States:) Going into Area 51 is like going into another world, where they are terribly afraid that other countries and other parties are going to get "this" information. Their thoughts being "if we admit that the Earth is hollow, with a central intelligence in it this is going to cause discord and fear". This fear process is generated by the private companies who seek to control and advance their own needs and personal agendas through Area 51.

I left the Air Force due to their domineering ways by those who sought to act like control freaks, who were stagnating my ability to think and act in a creative manner. Accepting that their Orders: not to talk about such information – in which they take it for granted that one will automatically obey.

Because of my outgoing desire to share information and inform the public at large my service pension and all my benefits and rights such as the use of the commissary, dental and medical, were taken away.

I was in the military for 13.5 years, from basic to the Pentagon and then to Area 51. The genetic engineering that is taking place at Area 51 is with our younger generation. The "milk carton children" whose photos were commonly seen in the markets in the past, were abducted and taken to Area 51.

Level 16 of Area 51 is the genetic engineering level, where they are using our children for experimentation in longevity and powers of the mind. The major force behind this is what is termed as the "secret government". There are civilians of the secret government which are in control in several areas of Area 51.

There is a network of tunnels underground that go all the way to Europe, South America – the several continents. And there is an intermingling of this great network of tunnels throughout the globe, of which many governments use.

(MORE SECERETS TO THE UNDERGROUND FACILITIES)

Denver International Airport

Functions: Unknown

Levels: Multiple - 1 - ?

Tunnels to: Denver, Colorado

Notes: Recently constructed, it is reported to serve as a cover for underground facilities there. It is supposedly an alien base which leads into the Rocky mountains. Constructed in 1995 wildly overbudget and amid charges of

corruption, constant construction company changes, and mass firings of teams once they had built a section of their work, it is reported to serve as a cover for the vast underground facilities that were built there. There are also reports of electronic/magnetic vibrations which make some sick and cause headaches in others. There are acres of fenced-in areas which have barbed wire pointing into the area, as if to keep things in, not out.

An underground Military Base/Laboratory in Dulce, New Mexico connects with the underground network of tunnels which honeycombs our planet, and the lower levels of this base are allegedly under the control of Inner Earth beings or Aliens. This base is connected to Los Alamos research facilities via an underground "tube-shuttle." (It can be assumed that such a shuttle way would be a straight-line construction. It should then be possible, by using maps and some deduction, to determine the most likely location of this base, especially since the general location is already known.) Beginning in 1947, a road was built near the Dulce Base, under the cover of a lumber company. No lumber was ever hauled, and the road was later destroyed. Navajo Dam is the Dulce Base's main source of power, though a second source is in El Vado (which is also another entrance). (Note: The above facts should also help to locate the base.)

Most of the lakes near Dulce were made via government grants "for" the Indians. (Note: The September, 1983 issue of Omni (Pg. 80) has a color drawing of 'The Subterrene,' the Los Alamos nuclear-powered tunnel machine that burrows through the rock, deep underground, by heating whatever stone it encounters into molten rock, which cools after the Subterrene has moved on. The result is a tunnel with a smooth, glazing lining.)

Bechtel (BECK-tul) is a super secret international corporate octopus, founded in 1898. Some say the firm is really a 'Shadow Government's working arm of the CIA.

It is the largest Construction and Engineering outfit in the U.S.A and the World (and some say, beyond). The most important posts in U.S.A. Government are held by former Bechtel Officers. There are over 100 Secret Exits near and around Dulce. Many around Archuleta Mesa, others to the source around Dulce Lake and even as far east as Lindrich. Deep sections of the Complex connect into natural Cavern Systems. (Note: The elevators, lights, and doors at Dulce Base are all magnetically controlled.)

The area around Dulce has had a high number of reported Animal Mutilations. The researchers at Dulce Base have also abducted several people from Dulce's civilian population and implanted devices of various types in their heads and bodies. (Note: Livermore Berkeley Labs began producing blood for the Dulce Base in the mid 1980s, and Human and Animal abductions slowed considerably. It may be worthwhile to check-out Livermore Berkeley Labs.)

THE UNIVERSE IS A BIOLOGICAL COMPUTER

THAT WE LIVE AND DOWNLOAD OURSELVES INTO

Through DNA sequencing there is information that can be extracted from you and used to create more time in another individual. DNA is data used to carry consciousness from one body to another as we journey through many of the lives we have already encountered. Before you existed here you existed somewhere else and every thought that you have ever thought of is stored in your DNA at this very moment. The reason why most of us can not remember our past lives is because the DNA that was needed in that past life was turned off or not activated. What I'm telling you is what the entities of the CERN project know and not only do they know this but they also know how to tap into your DNA by way of your blood, plasma, and sperm to extract memory from every existence of your life where you have lived and create and store that data inside of the Universal computer which is where your subconscious is connected to everytime you

dream. We are all cells of intelligence and memory traveling through the computer of the Universe and we download every thought which keeps us on a reoccurring existence meaning that we don't die.

Not all people have intelligence in their DNA. What do I mean by this? When you study neuromelanin this component has a blueprint that acts as a form of language for other things in the Universe that it communicates with via photosynthesis. And because it can pick up frequencies from other bodies of entities within the Universal construct this allows the person who has this type of melanin to exist in many places at once without physically projecting into these jurisdictions of Dimensions. In order for those who DO NOT contain this type of melanin to be sufficient on these different planes of intelligence communication, they would have to extract DNA from those who consist of this melanin, but even then they can only tap into these realms through this DN A temporarily before it is deleted out of their machines such as the CERN projects and other satellite systems that are unknown to the public.

WARS BEING FUNDED BY THE REPTILIAN BLOODLINE TO AID IN THE CONFISCATION OF BODIES

The United States government is the recruiters for those who control all governments on the planet earth. The laws and the voting images are used to mask what the government is really being used for behind closed doors that we have never seen on television. Every war and every staged event that we have ever encountered is a tradition of rituals utilized to assist these reptilians races that live in the inner earth that does not have the major organs in their bodies to receive the energy that we can receive therefore it is necessary that they use the DNA of the bodies of victims at war and from these staged events to causing a temporary presence for them to exist on top of the earth until they can occupy another body. In a process called shape shifting this is when they are in dire need

of another body to keep their existence in motion.

For an example. What was the so-called Jewish holocaust really about? Who was Adolph Hitler and was he working for himself to carry out this agenda or was he working for another shadow bloodline of entities to receive intelligence from a higher dimension? Could it be that every so-called country is a planet of its own with a headquarters of higher extra-terrestrials who runs and operates those area governments? What I do know is that there are secret gatherings to enforce blood rituals on behalf of laws that is must be kept by those in other jurisdictions of these shadow governments.

WE ARE NOT ALONE:

The Hollow Earth residents have the ability to split the ocean floor and create a vortex, as is shown with the Bermuda Triangle. There are 7 different levels in these vortexes, and equipment and Beings are brought in and placed corresponding to these different levels. The vortexes act as doorways for entrance or exit to the hollow interior of the Earth.

There is more than one triangle area off of Florida, one at Lake Erie, and another off the coast of Mexico, one off of Japan; as well as other geographic locations of the Earth. These are called 'quiet zones'. These doorways allow other bodies of consciousness to stumble in and out into the unseen areas of other parallel realities. All planets are hollow even the Sun, which is really a planet. There are civilizations in the Sun which have colonies in the Earth's subterranean regions. Our Ancestors knew that the vibrations of the density of light from the Sun was not fit for their physical bodies to attend so they used their minds to stop certain systems within their mind to travel mentally by way of the transportation

pyramids that they built in direct communication of these Suns and planets.

In the midst of the so-called theories assumed by many Africans that are Africans with bodies but non-spiritualist, such as the conscious community, these things are being dismissed as pseudo yet when we search the fact of agreements that these non-spiritualists Africans have in the conscious community they can agree that African people are spiritual yet will dismiss spiritual findings by their own African Ancestors when it comes to extra-terrestrial claims. So we must separate the two. I think it is safe to say that we have Africans who only acknowledge the history of their Ancestors but not the spirituality of their Ancestors which I call Africans without a Soul. It is now safe for me to say that every black face is not African. These are so-called scholars with agendas of selling the work of their ancestors on DVD's and other products to financially please their African shell which is voided of a soul.

WAS HITLER OF ANOTHER BLOODLINE ?

James Roberts a British civil servant and World War 2 historian maintains that the Nazi's succeeded in building an underground base in a massive cave. According to Roberts, British soldiers from the secret Antarctic Maudheim Base discovered the entrance in late 1945. The soldiers "followed the tunnel for miles, and eventually they came to a vast underground cavern that was abnormally warm. Some of the scientists believed that it was warmed geothermally. In a huge cavern were underground lakes. However, the mystery deepened, as the cavern was lit artificially. The cavern proved so extensive that they had to split up, and that was when the real discoveries were made. The Nazis had constructed a huge base into the cavern and had even built docks for U-boats, and one was identified supposedly. Still, the deeper they traveled, the more strange visions they were greeted with. The survivor reported that hangars for strange planes and excavations galore had been documented. Neuschwabenland was treated as part of the Third Reich. In 1942, it became a site of intense secret scientific and

military research under the name Base 211. The United States launched Operation High Jump after learning from the British intelligence about a secret underground base at Antarctica.

If they are not the real Jews then this would make them gentiles so what is a gentile or a reptile. The prefix of gentile is (Gen) and (gen) is information or one who receives information so could it be that Hitler was crossed with a bloodline of reptilians being used to sacrifice his own people in return for information and other intelligence? Say it with me. Gen-tile Rep-tile Gen-tile Rep-tile.

In The Words Of Hitler) / The world has reached a turning point, and will undergo an upheaval which you uninitiated people cannot understand."The aforementioned words were told to Nazi Party members who Hitler believed were not even ready for his heavy truths. The last world war was not simply a war fought between the Allies and the Axis or Democracy and Despotism. It was a war fought between Science and Magic, and science won. It was also the planetary battlefield of Galactic War III, when alien civilizations sponsoring the Nazis and alien civilizations sponsoring the Americans fought once again for control of planet Earth while using its unsuspecting armies as pawns in their interstellar conflict. It is a well documented publicized fact that Hitler often went into trances and spoke to his military commanders. His chair press officer, Dr. Dietrich testified his belief that Hitler was possessed by demons. Hitler told his High Command his belief in the Superman who had ruled the planet in the times of Atlantis and Thule, and after the war of the gods that led to the fall of Atlantis the Superman, who were the Masters of the World, had gone underground. Hitler said he took his orders for the Nazi conquest from the Superman who lived inside the Earth. In a conversation with, Governor Rausching, a man who tried to tell the Nazi Leader of the great difficulty of genetically creating a new species, Hitler replied "The New Man is living among us now! He is here! Isn't that

I enough for you? I will tell you a secret. I have
seen the New Man. He is intrepid and cruel. I was afraid of him. (Unquote)

An Iranian news agency alleges that documents provided by former National Security Agency (NSA) contractor Edward Snowden prove that "an alien/extraterrestrial intelligence agenda is driving US domestic and international policy, and has been doing so since at least 1945.The Fars News Agency asserts that the shadow alien government running the United States is based in Nevada, and these aliens previously ran Nazi Germany.

(METAPHYSICS OF THE MELANATED MIND)

Many ask me how can I prove that there are Suns in the Inner Earth and other civilizations of Beings. Well it doesn't take much to prove such a fact when all you have to do is analyze the brain. If the left brain is on the right and the right is on the left then by default up is down and down is up. This is why our ancestors in Kemet called upper Memphis lower and lower Memphis upper. There are civilizations that is under the sphinx that can teleport intelligence from one pyramid to another initiating communication into those who go into them at specific times of the year mainly holidays, full moons, and paradigm shifts. All of this is because whenever this days or shifts occur there are other density of light that shines through into these levels on this 3rd dimension and if you are in certain geographical locations mainly near the equator, you can pick up on this intelligence.

GIANTS OF AFRICA:

Eyewitness states:
Professor Francis Thackeray shows Michael Tellinger and friends the rarely seen part of the upper leg bone with hip joint of a giant that would have stood about 12 feet or 3,5 meters tall. This bone has been in the vaults of of the medical school at WITS University, Johannesburg since the early 1960s, when it was found by miners in a mine in northern Namibia. It is one of the most precious and rare specimens available today that clearly indicate the existence of giants in Southern Africa more than 40,000 years ago. Michael shares this video clip as part of his continued research into the origins of humankind, the vanished civilisations of southern Africa and the strange anomalies we discover on this journey.

People of Africa have memories of the giants who once lived on Earth. African legends describe these powerful beings as brave men who had shining eyes. They were very strong and their voices could be heard from one town to another. A legend tells that:

"They wandered without let or hindrance to places where no man had ever been before. One could not look them in the face because their eyes were so bright that it hurt one's own eyes to look at them. It was like looking at the sun."

We know that myths and legends of every culture contain important elements of truth. Legendary giants are also an important part in the mythology, but they are definitely not a myth. One of the most puzzling archaeological mysteries has been discoveries of giant prehistoric human skeletons.

THE OVERALL OF IT ALL:

Everything that you see and feel on what we call this Earth realm is a projection of what you are going through in another life right now as you are here. Every thought that is going through your mind is traveling into a body of DNA that you will be born into when you leave this life. Everybody is in a womb at the moment getting ready to be born into the real life. You are like a USB being stuck into a computer which is the Universe being downloaded. **After you are**

finished downloading you will become a higher form of intelligence existing where language, time, and color is not known. This is where you are at the moment but part of you left that place to pick up groceries to feed another body that you will inhabit next. One Love.

The European knows not, that there is more than just a physical science. There is something that they are not clear on and this is "Emotional Science". The Pineal Gland in melanated people is in direct correlation to the equator which is the remote control operator of the Solar (Soular) System. Meaning that, depending upon how we think based upon the frequency of emotion, we can alter the atmospheres thermostat and cause things such as weather modifications and mind control within seasonal time zones. So whenever you hear NASA speak on behalf of Global Warming they are speaking in code to directly address what is going on within your DNA. What do I mean. They will create certain behavioral acts in your geographical location to put your emotion on a certain frequency, such as fear, and other emotional modifications to see how your emotion affect the earths atmosphere. They use Emotional Science to create your emotion so that they can see how far you are in your shift in being able to naturally control the Universes environment.

My own research has shown that the more chaos that is engineered in our community the hotter the Earth becomes. Little does the European know is that whenever he creates fear in our environment this activates the Pineal Gland causing it to produce a more potent type of carbon that acts as gas that is dispersed from around our bodily forcefield into the Universe causing an incline in the degrees of the weather. This is how powerful we are and this is what makes us Extra-terrestrials compared to other Beings on this 3rd Dimensional Plane.

THE BATTLE FOR THE DREAMWORLD

There are 12 different types of satellites that are directly or adjacent to the black community. Each satellite caters to the functions of the 12 systems that is embedded in your physical brain. Your brain is where your thoughts are recorded and carried out to be displayed in the physical. What is being displayed from these satellites are emotional soundwaves that can alter the bodies emotions while you are out of the body in your subconscious world that I call the Dreamworld. The subconscious is not in your physical mind. It is in the Sun where you have information coming from its physical body to your physical body by way of photosynthesis to impregnate your Geomagnetic Forcefield with the information that is downloaded into certain entities within your physiological structure. These entities create your thoughts which is your conscience. It tells you whenever something is not right. But know you have your government who is controlled by 2 bloodlines of reptilians trying to intercept these entities traveling into the melnain while you are alseep . Why are they doing this? It is because they are trying to get into your 7th gate which is your Dreamworld where the 5th Dimension is opening and they want to infiltrate it.

These 2 groups of reptilians have knowledge that the light density within their physical dimension is closing them in to trap their subconscious inside of the 4th Dimensional Realm.

ADAM & EVE 2 DIFFERENT BLOODLINES:

In your bible it tells you that Adam and Eve are a little over 6,000 years old yet there is anthropologist finding bones of so-called Africans all over the Earth which is millions of years old pre-dating the story of Adam and Eve. So the question would be, who and what is Adam and Eve? And if they are created in the image and likeness of their so-called

god then we must analyze the image of those who created the word god because those who created the word god is the creator of god. Adam and Eve when you decode it properly is a people who were created by 2 Bloodlines of entities who are the controllers of the money, religions, and governments. So-called black people like to say that the bible was created by us but that is not true. Even under plagerism to claim that it was copied from certain kemetic doctrines that were left by our Alien Ancestors would be a foolish claim being that there is no concrete proof to even make these claims. The Catholic Church along with the Queen of England adheres to a system which takes an oath under 33 degrees. When you study the Europeans physiological system you will find that they have 33 vertebrates which is identical to the 33 vertebrates that certain reptiles consist of. Not only that but Christ was depicted as dying at the age of 33. What a coincidence. Adam and Eve is a story that must be decoded which they created under a mythological function to let you know who they are.

However when you study the black or melanated body you will see that we consist of 34 vertebrates which metaphysically gives you your 7 chakra system when you add the 3 and the 4. These 7 chakra systems is directly connected to the constellational systems which regulates information flowing in and out of the melanin that travels throughout these chakras. These chakra systems were left with pre-encoded information by our Ancestors which will be set off at a specific time under certain pressure placed on us from these reptilian bloodlines.

Christianity was set up by entities who today we know as the 13 Royal Bloodlines who came to be a little over 6,000 years ago who we know as Adam & Eve. Adam representing the Reptilian Bloodline who we know as being the Roman Catholic Church and Eve being the Reptilian Bloodline of The England Dynasty in which Queen Elizabeth is in that same family. These are 2 different breeds. The bloodline of the Roman Catholic Church is a group of entities that came in from the 2nd

Dimensional Realm. The Queen of Englands bloodline came in from the 1st Dimension. Her bloodline is a group of entities that takes shelter on the Westcoast underground mainly in the area of Hollywood. These bloodlines being 6,000 years old , 6000 years ago there was a 7 day paradigm shift which you know as the 7 day creation in your bible.

The Bloodline of the Roman Catholic Church are a group of entities who take shelter in certain jurisdictions of Africa which is also a planet. They control the diamond mines, the oil, and other resources in that area in which they also abduct children in that area to feed off of their melanin in these underground melanin camps in Ethiopia, Africa. These bloodlines in order for them to exist on top of the earth being that they come from lower dimensions they must occupy a 3rd dimensional body to blend in with the environment by way of shapeshifting. The Queen of England Bloodline has reptilian entities that lives underwater in Russia.

There has never been a President who was human or mankind. All of your Presidents,and most of your political figures, Hollywood actors, sports athletes, and even your black leaders are handled by these figures known as reptilians. Some are made in laboratories in underground cloning facilities located in Dulce, New Mexico which is where people who are well known that are human is taken to become abducted.

There are also similar underground bases in Africa which the largest is found in South Africa. On June 12, 1964, Nelson Mandela
received a life sentence for committing sabotage against South Africa's apartheid government, avoiding a possible death sentence. During his sentence Mandela was visited by an elite group of people known as the MIB or the Men In Black a group affiliated with the Central Intelligence Agency (CIA). The news told the world that Mandela was incarcerated at a place known as Robben Island but there was an ex-military agent

who placed on record recorded as **AISLINN LAING, BYLINE** who claimed that he witnessed Mandela being taken into a private base 30 minutes from Robben Island.

THE CHILDREN OF REPTILIANS

These reptilian bloodlines have worked through their children who is the European by way of certain black organizations and movements to make you think that these Europeans came from a big headed scientist known as Yacub when this is not true. These reptilian Beings once they abducted an African body, breeded with other Africans once they took shape into human form to deceive the physical construct this deception is done by way of what is known as shapeshifting. These same Africans today that you see which is us, are the Aliens or ET's that is now going back into being able to reach the capabilities that was utilized by our Alien Ancestors on the planet that I call Africa. These capabilities include, traveling through distance and time without physically moving and also we will be able to initiate other telekinesis like abilities being able to move thoughts without thinking. BEING ABLE TO MOVE THOUGHTS WITHOUT THINKING. We were able to do all of this before the shift that occurred 6,000 years ago on our planet which caused our Ancestors Pineal Gland or 3rd eye to fall asleep (there is a lion asleep in Judah references this in the bible. This allowed these certain bloodline of reptilians to cross over from the 1st and 2nd dimensions which is now bridging with the 4th dimension pulling these reptilians back in to trap them. This is why they have initiated various machines underground in certain time zones of the Earth. One machine you know as the Hadron which is set up through NASA as the Cern system to block this new energy coming in to create the New X chromosome in the African. This X chromosome is metaphysically the X-men gene that will allow us higher brain capacity.

MELANIN DNA ACTIVATION

In the brain structure of black people there is an activated gland that is

connected to the subconscious which is the gland that when the REM is in effect allows you to exit the body without physically having to move. Upon leaving the body there are 7 energy centers that is in alignment with your spinal cord, which we all know to be the 7 chakras. And these 7 energy centers is what scans certain pre-encoded DNA in your body which releases information into the spine which travels up into the Cerebral Cortex entering your Pineal Gland. The Cerebral Cortex is the outer layer of the cerebrum composed of folded gray matter and playing an important role in consciousness. When you study our brain capacity today it is very different from when the children of these reptilians placed crack cocaine in our communities in the 80s and 90s. Under the assumption they were expecting to shut down the evolving process of the melanin to try to delay the function of the brain capacity to rise in so called African Americans at that time but little did they know was that it caused a higher alkaloid production which sparked other hidden DNA that would cause a future ability of pyschic initiation at a specific paradigm shift. Well we are in the midst of a major paradigm shift and the melanin in us today is very different. With this new melanin we are producing, the pharmaceuticals have created melatonin pills out of it that is now causing the children of these reptilians which is the European to not wake up out of their sleep. The melatonin that they create with our DNA is used as a sleep aid to assist sleep deprivation because Europeans sleep, they DO NOT dream. In order to dream you must consist of F.M. and A.M modulating systems which is Frequency Modulators and Anatomical Modulators which you can find present within the diagram of our melanin. These reptilians are using F.M. stations to intercept the new energy coming in from certain planets that is carrying information into the gates of our dreamworld which is our reality.

EXTINCTION OF THE BLOODLINES

The reason why we are witnessing more physical killings against melanated people is because these Reptilians know something that you do not know and they will not teach it in your educational facilities. And

what they do not teach you is astronomy/astrology sciences. Why is this important? This is important because it lets you know the extinction of certain people and it also lets you know when certain pre-encoded DNA is awakening in a certain species of Beings.

The reason why these bloodlines and their children are killing melanated people is because they know that it is something within us that acts as a timecard which they can read within the nucleus of our blood cells known as melanocytes. And in these cells they figured out that through blood transfusions they could take information from our genetic codes and add it to their physiological system to add time to their time on this 3rd Dimension.

Analyzing the decline in the European birth rate lets you know the decline in the time of these Reptilians. Research shows that in order for the egg in the European woman to hold onto her Uterine Wall there must be an alkaloid present in the sperm of her counterpart which has now fallen inferior due to the 33 degree shift in the poles causing certain parts of their brain to shut down which eliminates the production of this alkaloid substance. But guess who has an alkaloid in their sperm? You guessed it. The melanated black man. We are surrounded by a geomagnetic forcefield which disseminates a 5th dimensional energy which consist of information that is being downloaded into the melanin. ALL INFORMATION TRAVELS BY WAY OF ENERGY.

THE POWER IS IN THE THOUGHT

He who controls the energy controls the mind. You are the Universe and the Universe comprise of different thoughts which is entities traveling through our minds, therefore whenever the Universe shift, your way of thinking changes causing you to evolve into a higher form of extraterrestrial energy as you travel from one dimension to another to carry information or consciousness into the Universes DNA which is also your DNA if you are a melanated Being. And it is because of our DNA

scientist are able to create machines and systems such as the Cern Project and the HAARP system to interfere with new energies entering into the Alien body. Did you know that the constellations have 666 Elder Star Systems whichdistributes lightwave frequencies into the Earths atmosphere which alters or changes the brain capacity in so-called Africans who carries the 6 electrons, 6 protons and 6 neutrons and this happens every 666 years which is approximately 60 years in Earth time.

CERN & THE DREAMWORLD INFILTRATION

The European Organization for Nuclear Research– The Large Hadron Collider (LHC) is the world's largest and most powerful particle accelerator. These machines are very detrimental to those with neuromelanin because its duty is to trap dark matter after it has accumulated a certain amount of atoms, and create a friction of gravity within certain time zones which opens up portals inside of this dark matter that is very identical to the melanin that we as so-called black people consist of. The Pineal Gland in so-called African Americans act as a Frequency Modulating System which carries and receives information by way of the electro-magnetic waves flowing throughout the Universe. It is in our melanin where many potential hidden portals dwell which transfers us from the physical body into the deeper subconscious at night when we close our eyes to initate what we call sleep. How does this CERN project affect us? The Mammalian part of your brain is in relation to your 2 physical eyes thus causing whatever you see to affect you because it is the mammalian part of your brain which records the information that your brain or DNA picks up on. Shapes and signs are a construct of energy in the form of a physical disk.

The Signs and symbols that you analyze with your 2 physical eyes, is information that is picked up by the frontal lobe of your brain which carries this information into your subconscious which can be altered and controlled by these signs and symbols that you are analyzing. Signs,

symbols and shapes can also be carried by way of sound to control the mind as well. The machines within CERN is what creates these patterns which abducts your Pineal Gland or what you call your 3rd eye at night when your R.E.M. is in session which is the opener of the gates within the jurisdiction of your dream world.

THE 3RD VENTRICLE OF THE BRAIN

The third ventricle communicates with the lateral ventricles via the foramen of Monro (interventricular foramen) and with the fourth ventricle via the aqueduct of Sylvius (cerebral aqueduct). The 3rd ventricle of the brain is the forecast for all illnesses and diseases that is initiated in your body. The American military scientist have studied the importance of shapes and symbols to the point where they know which shapes can cater the 3rd ventricle in your brain to cause control in your health as well. Did you know that there are signs and symbols that the United States Military use in the form of energy subliminally to create cancer, diabetes, and alzheimers in the body?

MIND CONTROL MILITARY STUDIES

A declassified Army document titled "Bioeffects of Selected Nonlethal Weapons" describes a series of technologies that the military has developed, including one with the ability to transfer radio-frequency (RF) energy into a human target. The energy is perceived by the brain as sounds inside the target's head as the microwaves are absorbed by the target's body. This technology has already been proven capable of carrying modulated frequencies that sound like recognizable speech to the recipient. There was a study in 2001 where there were complaints from U.S. military troops who heard voices whenever the P.I. systems on their military base was active. In these cases they made it known that the voices were only active after having random vaccination inductions during check-ups. Later on it was found out that these vaccines consisted

of unknown metals that acted as satellite communicators. This was not the first case of vaccine indoctrinations.

At the Fort Detrick Maryland Biological Warfare Department in 2002 there was a meeting on whether those troops who were vaccinated with these metals should be used as a public experiment not going to far as to explain the detail of this experiment.

RADIO FREQUENCIES ATTACKING THE DREAMS THROUGH MELANIN

In 1973, American Psychologist, Dr. Don Justesen found in a study that two subjects were able to readily hear and identify single-syllable words, such as counting from one to ten. As Dr. Justesen described, "The sounds heard were not unlike those emitted by persons with an artificial voice box (Electrolarynx)." The Army document, written in 1998, acknowledges the technology's ability to successfully transmit voice annunciations. The transmissions can feasibly be delivered at distances of hundreds of meters according to the document, but would be more practically delivered at short ranges. The RF or Radio Frequency waves can pass through walls, buildings, or anything that is non-conductive (similar to radio signals). The Army specified a way to counteract the transmission of that the microwave auditory messages: by wearing a metal shield. There was a study done in 1998 on over 400 black people at Fort Detrick Marylands Military Base in the 90s where they induced these black soldiers with modified sleep aids which caused these soldiers to give information based on their dreams and these scientist found that the information brought back from these dreams were connected to the many dimensions and shifts within the Universe. That following year these scientist spotted a distinct power within the Pineal Gland of socalled African Americans, and discovered that there was a certain carbon produced in them that we call melanin, that acted as a satellite receiver which communicated to certain celestial bodies within the Constellations

which played a major role in the Dream initiation process via the REM system that is set up in our physiological system. **Neuromelanin** (NM) is a dark pigment found in the brain which is structurally related to melanin. It is a polymer of 5,6-dihydroxyindole monomers. It is also the regulator of the neurological system which is in kinship to the spiritual abilities in us. This component is the carrier and receiver of the information distributed by the sun and other dimensional objects picking up on this information by way of photosynthesis. Since this component is a satellite in so-called black people, it can be affected by RF or Radio Frequencies causing the persons movement to be delayed upon coming back in from the subconscious or from the dream realm. Radio Frequencies can also interfere with the memory even though your dreams are shown to you vividly.

Many of us are experiencing distinct
ringing sounds in the ear due to the defense within the satellite of the melanin that is counteracting these radioactive frequencies that the CERN's Hadron system is distributing into black communities by way of certain artificial trees and towers between the hours of 3:00 a.m. and 5:00 a.m. In a transcript recorded at the Chemical And Biological Warfare Department it is confirmed that these artificial trees and public towers are to be set up adjacent to the low-income communities, and are to be set up after the hours of 2:00 a.m and 3:30 a.m. This is why you are witnessing your city laborers working after hours in major cities.

Did you know that in melanated people during a full moon, that the moon releases information in the form of sound and gravity into the Mammalian part of your brain which transfers this information into the subconscious which is then downloaded into the neuromelanin which is added to your DNA and also unlocks certain pre-encoded information that was asleep in you at birth? This is one reason why these reptilians have set up the CERN system to intercept these informational shift from reaching the physiological system of socalled

black people.

In an article by Dutchsinse it states: However,
instead of the pile of stripped electrons ABSORBING the incoming waves (which is the information), the plasma actually REFLECTS the waves away from the forcefield that surrounds the physical body. It is also mentioned by Dutchsinse that full moons only occur due to the life re-incarnating through the womb of those who produce neuromelanin and the only woman who consist of this dominant component would be the black woman.

We must overstand and innerstand that as melanated Beings we are at war in many dimensions to keep these reptilian infiltrators from reaching the 7th gate which I consider the dreamworld jurisdiction that is in the area of the subconscious mind. Again. He who controls the energy controls the world. One Love!
